

May 2006

Michelle Neujahr turned our team of real estate agents into a powerful company with 15% market share in under a year. We started Sullivan Multi Family Realty based on a great business concept but were struggling to develop the idea into a successful business.

Michelle's natural leadership modeled for us that to be a successful business we needed to define clear lines of responsibility and improve our client communications. In under a year, Michelle helped Sullivan Multi gain 15% of the market share and instituted the processes to make this growth continue even after she left. Michelle is one of the most competent, self directed and intelligent people I've ever met. She'll knock anyone's socks off.

Sullivan Multi Family Realty is a twice the business today because of Michelle's contributions.

Sincerely,

Brit Vitalius
Owner, Sullivan Multi family Realty
